

Resolution Number: BOD #2-04/15/2023

Resolution Name: Club Station WB5RDD – Control Operators

Whereas the Red River Valley Amateur Radio Club (RRVARC) has an interest in ensuring compliance with all FCC rules and regulations, and;

Whereas control operators having the ability to turn off transmitters at any time if they are malfunctioning is an absolute necessity, therefore;

Be it resolved, the RRVARC BOD directs the Club President to appoint no less than two and no more than ~~four~~ **seven**, control operators recommended by the Trustee, and be it;

Further resolved, within sixty days (60 days) the Club Station License Trustee shall get all control operators fully trained and capable of disabling malfunctioning equipment remotely, and be it;

Further resolved, within sixty days (60 days) the Club Station License Trustee shall get all control operators fully trained and capable of disabling malfunctioning equipment at the physical site. If this necessitates issuance of keys to get access to the site, then that should be a part of the tasking, and be it;

Further resolved, the Club Station License Trustee is directed to enter the relevant control operator information into the Club Station Log, and be it;

Further resolved, the Club Secretary is directed to publish the names of the control operators on the Club website, and be it;

Further resolved, the control operators work for and at the pleasure of the Club President, and be it;

Further resolved, the control operators designated as directed above shall continue to serve following election of a new Club President, until and if replaced by another qualified and trained replacement.
